

Reds Declare Allies Planes Flew Over Some Chinese Cities

Munsan, Korea, Jan. 14 (AP)—Communist negotiators shouted "lie" in a heated debate over prisoner exchange today and charged that Allied planes flew over several cities in northeast China Sunday.

Allied negotiators on the truce supercommittee switched tactics Monday after failing for three straight days to get an oral statement of the Communist stand on airfield reconstruction. Instead the U.N. asked the Reds to agree to restrictions.

The request got a chilly reception. The Reds charged that Allied planes flew over Mukden, Wushien and other Chinese communities but did not say any were attacked.

Like Other Charges
A U.N. spokesman at Panmunjom said "we assume the charge is similar to a lot of other allegations they have made and completely irrelevant to the meeting."

A Fifth Air Force spokesman at Seoul denied that any Allied planes flew over northeast China Sunday.

The outburst of Communist temper came after Rear Adm. R. E. Libby explained that the Allied voluntary prisoner repatriation plan would be advantageous to the Reds as well as the U.N.

Both supercommittees agreed to meet again at 11 a.m. Tuesday (9 p.m. EST Monday).

Lose Hill To Reds

Seoul, Korea, Jan. 14 (AP)—South Korean infantry and Chinese Reds clashed today in a series of battles on Korea's western front. In the heaviest action, the South Korean First Division battled four hours in an unsuccessful attempt to win back hill positions west of Korangpo lost to the Reds December 28.

Northeast of Panmunjom, the truce conference site, other South Korean soldiers recaptured one of two hills they lost to the Chinese Sunday night.

U. S. Fifth Air Force said show, fog and haze held down fighter and bomber strikes Monday.

MIGs In Neutral Zone

Fleet F-86 Sabre jets, sweeping MIG Alley over northwest Korea, spotted about 40 Russian-made MIG-15 jets on the Manchurian side of the Yalu river border, but no contact was made.

Pilots of other U.N. planes reported they inflicted about 85 Red troop casualties in close support attacks along the warfront and cut rails at 31 places in North Korea.

Fifth Air Force pilots Sunday reported destruction of 16 field pieces, three spans of a six-span bridge across the Imjin river at Iehon, 100 buildings, 37 vehicles, four railroad cars, eight warehouses and one command post.

An Allied armada of 13 ships bombarded Red gun positions and troops on snow covered Amag peninsula, about 100 miles north of Parallel 38.

3 DIRECTORS RE-ELECTED BY ELECTRIC CO-OP.

Three directors of the Adams County Electric cooperative were re-elected Saturday afternoon at the annual meeting of the organization held at Gettysburg high school.

The three were George Steinberger, near Fairfield; Henry E. Miller, Brodbeck, and W. G. Hensel, of Cumberland county. All were named to three year terms.

The nine directors, only three of which are elected each year, will meet February 5 at the cooperative office, rear of North Stratton street, to re-organize for the coming year.

Over 700 Attend

More than 700 were present for the meeting, about 250 members of the cooperative and the remainder members of their families.

J. E. Stanford, executive secretary of the Kentucky Statewide Farm Bureau, was the principal speaker of the afternoon.

"If democracy is to survive," he told the group, "we, all of us, must face many serious problems regardless of our political viewpoint. During the past 19 years, national spending has increased 20 fold, from four billion to 80 billions in a year. "Time For Serious Thinking"

"It is time for us all to do a lot of serious thinking about where we are headed and how it will end. Most nations which have collapsed, most civilizations which have fallen, have first spent themselves to death."

"As the debt has increased freedom has disappeared, at least that has been the experience of other nations. As the debt has increased to an unmanageable proportion the next step has been some form of socialism and the next logical step from there is communism."

"We are a great and strong and wealthy country, but there are limits even to our wealth and we seem to be approaching those limits. If we wish to maintain our democracy, if we want to avoid socialism, and worse, it will be up to each and every one of us to do something about the debt and to think seriously about the problems of our government."

PHONE COMPANY REELECTS BROWN AS PRESIDENT

Howard Brown, Gettysburg R. 2, was re-elected president of the Liberty Rural Telephone company at the annual stockholders meeting held Saturday evening in the directors' room of the First National bank of Fairfield.

Thirteen of the 55 stockholders were present for the session at which the following officers, in addition to President Brown, were named: Vice president, Ellis Stine; secretary-treasurer, Charles L. Lott; directors, John W. Mallow, Walter Kugler, Charles Weishaar, Francis Weikert and Frank Coffelt; auditors, Clarence Weikert, O. G. Sanders and Russell Stoops; managers, Marshall Slonaker of the Fairfield end of the line and President Brown for the Gettysburg end of the telephone company's line.

The directors set the rate for 1952 at \$31 because of the high cost of switch rent, materials and labor.

Members were urged to pay promptly toll calls made over the lines with the directors reporting that failure of members to pay promptly for long distance calls is working a financial hardship on the company.

Plans to relocate part of the 928 line because of the new road being built in the Zora area were outlined at Saturday's meeting.

Jack's Mountain Bridge, State No. 10

Many older residents of Adams county know this bridge better than the younger generation. It is familiarly termed the "Jack's Mountain" bridge, and spans Tom's creek on what used to be the main highway from Gettysburg and other sections of the county to the mountain and picnic resorts at Blue Ridge Summit Buena Vista and Pen-Mar. A generation or two ago, hundreds of countians "went on picnics" or drove to the "plush" summer resorts over this road and bridge before the new hard road to Zora was constructed.

Today little traffic traverses the

old road, but it is still one of the beauty spots of the county, with long vistas and unsurpassed scenery. Tom's creek winds its way around the base of the mountain to pass placidly under this 64-foot span with its 14-foot roadway. Trees and foliage almost hide the old structure in the summer months. The bridge is located in Hamilton township on Legislative route 01053 and is designated as state bridge No. 10.

Only occasionally do the wheels of truck or automobile rattle the planking of the ancient structure, and the peace and quiet of a rural

countryside reigns, with the noise of heavier traffic dulled by distance. Heavy loads are banned on the bridge.

The Jack's Mountain bridge can be reached from Gettysburg by driving south from Lincoln Square on Baltimore street one block to West Middle street. Turn right and continue on State Route 116 through the borough of Fairfield. At the second fork, keep to the right, after passing through Fairfield and drive about half a mile on Legislative route 01043. — (Gettysburg Times Photo).

Homeless French Waif To Get U.S. Burial; Killed In Korea

Houston, Jan. 14 (AP)—A homeless French waif who died in Korea trying to repay the kindness shown him in the United States will be buried in his adopted country.

Cpl. Alexander Stewart, 22, was killed in action December 28. But the casualty list doesn't tell how the youth asked—and got—the help of a congressman in transferring him from the safety of Japan to the Korean battlefield. It doesn't tell how he came to America twice as a stowaway before Congress passed a special law to let him stay here legally.

Mrs. A. Axelrod of Houston, his foster mother, said last night she would bring the body home for burial. "I know that is what he would have wanted me to do," she said.

At 22 the corporal was an old hand at war and fighting. When he was 12 he ran away from an orphanage in Alsace, joined the underground and finally escaped to North Africa. He was adopted by the 133rd

START PLACING STOP SIGNS FOR SCHOOL BUSES

The first of the "school bus stop signs" which are expected to soon dot Adams county's roads, have been erected, County Superintendent of Schools J. Floyd Slaybaugh said today.

The Fairfield jointure has installed "approximately 300" of the signs designating the places where its school buses will stop along the highways to pick up and discharge youngsters going to and from school.

A number of other districts have already ordered the signs and two districts are scheduled to act on the matter this week.

Oppose Law

Adams county is one of the last units in the state to erect the signs which designate the places that school buses may stop.

County school officials, holding that it was "silly" to drive a school bus past a child's home to a stopping place, and make him walk back, delayed placing the stop signs hoping for a change in the state law. When no change was made in the law requiring the placing of the signs, the local districts are for the most part planning to conform with the requirement starting in the spring.

The Lower Adams district (New Oxford) has ordered 225 signs; North Adams (York Springs), 200; Upper Adams (Biglerville), 500; and Conewago township, 20. Gettysburg jointure is scheduled to act on the matter tonight and the Littlestown jointure on Wednesday night.

ENLISTS IN NAVY

Joseph A. Kebab, 18, son of Mr. and Mrs. Roy Kebab, Littlestown, has enlisted in the navy and has been assigned to the training station at Bainbridge, Md.

Inflammable Sweaters!

New York, Jan. 14 (AP)—City officials, on the trail of inflammable sweaters, planned to visit today a New York plant which two manufacturers say supplied material for some of the garments.

A small-scale national scare has been stirred up by the sweaters, which burn to ashes in less than a minute if ignited. Police in various areas reported that many of the sweaters have been turned over to them. One reportedly burned when the wearer lit a cigarette, another when the wearer stood too near a gas stove.

Two sweater manufacturers in New York and Cleveland yesterday told officials that the Empire State mills had supplied them with material for their products. Scott called the material "brush rayon."

College Trustees Name Yovicsin Head Football Coach; Consider Dr. W.C. Langsam For President

JOHN M. YOVICSIN

DR. W. C. LANGSAM

John M. Yovicsin, for the past four years a member of the coaching staff at Gettysburg college, was elected head coach of football at the local school by the board of trustees at a special meeting in Philadelphia this morning. The vote was unanimous according to information received by The Gettysburg Times at 12:30 o'clock this noon from a member of the board.

It was reported, unofficially but from a reliable source, that a number of applicants sought the position which was held by Henry T. Bream for the past 25 years. Mr. Bream resigned at the close of the 1951 season after coaching football and basketball for a quarter of a century.

Yovicsin graduated from Gettysburg college in 1940 after starring in football, basketball and track. After coaching at Valley Forge Military academy he took over the football and basketball coaching duties at Middletown high school in 1946 where he met with great success.

After two years at Middletown he joined the football staff at Gettysburg college in 1948.

Consider President

The Times also learned from an authentic source that the trustees were seriously considering Dr. Walter Consuelo Langsam, president of Wagner college, Staten Island, N. Y., for the presidency to succeed Dr. Henry W. A. Hanson who retires in June after serving 29 years.

The trustees discussed Dr. Langsam for some time in the early part of their session which opened at 11 o'clock then took up the head football coaching vacancy. After electing Yovicsin the trustees returned to the discussion of the presidency.

Dr. Langsam received his BS degree at the College of City of New York in 1925, where he won numerous prizes and was elected to membership in Phi Beta Kappa, collegiate honorary society. He earned his M.A. and Ph.D. degrees at Columbia university and was awarded an honorary L.L.D. in 1950 at Gettysburg college.

Visiting Professor

From 1927 until 1938 he taught history at Columbia. He was called as visiting professor of history at Columbia in 1942 and during several summers was visiting professor at Duke university, Ohio State university, New York university, the University of British Columbia and the University of Colorado.

From 1938 to 1944 he was professor of history at Union college, Schenectady, N. Y., and from May, 1944, to October, 1945, was with the Office of Strategic Services in Washington, D. C., completing an overseas mission during this period for which he received a special commendation from Major General William (Wild Bill) Donovan. He became president of Wagner college in November, 1945. The enrollment is 777.

Wrote Several Books

He is the author of several books, some widely used as college texts. Among them are: "The Napoleonic Wars and German Nationalism in Austria"; "The World Since 1914"; "Major European and Asiatic Developments Since 1395"; "In Quest of Empire: The Problem of Colonies"; "Documents and Readings in the History of Europe Since 1918"; "Since 1939: A Narrative of War," and "Francis the Good: The Education of an Emperor 1768-1792." He has written numerous articles in professional journals and for several years contributed regularly to "World Week." From 1941 to 1943 he was a radio news commentator on WGY, Schenectady.

Dr. Langsam is a member of the American Historical association, the Council on Foreign Relations, the Foreign Policy association, the Society of American Historians, the American Association of University Professors, and Phi Gamma Delta fraternity. He is a fellow of the American Geographical society, fellow of the Staten Island Institute of Arts and Sciences, honorary member of the Burke society and a Rotarian.

In addition he is trustee or director of the following organizations: Staten Island academy; Staten Island hospital; Staten Island Chamber of Commerce; Staten Island Zoological society; Staten Island YMCA; Staten Island division of the Protestant council; Muhlenberg Press, Philadelphia; Lutheran Theological seminary, Philadelphia, and Endicott Junior college, Beverly, Mass.

BUSHMAN QUILTS POSTAL SERVICE

George L. Bushman, who served as a mail carrier in Gettysburg for more than a decade, has submitted his resignation to Postmaster Lawrence E. Oyer, it was learned today.

It was also understood that the resignation has neither been accepted nor rejected pending word from Bushman concerning the effective date of the resignation.

The local postman has not been seen in Gettysburg since October 15 when he was to report to the Adams county court for failure to keep up payments for support of his wife and child. Up to the date in October when the child became self-supporting, Bushman owed \$875 in back payments. The son entered the army some time ago.

He failed to appear in court and a process was issued for his arrest October 15. At that time he continued to draw his salary as a postal carrier because of accumulated leave which, it is understood, expired January 1.

Friends of Bushman here said they "understood he is working as a bartender somewhere in Florida."

DRIVER FINED AFTER MISHAP

A Gettysburg telephone operator's automobile was struck and damaged Sunday afternoon on the Lincoln highway three miles west of New Oxford by a Maryland driver who not only crossed the center line of the two-lane highway, but drove onto the berm, according to state police of the Gettysburg substitution.

The Maryland driver was William O. Dosh, 65, of Gaithersburg. He was driving east, police said, when he struck the car of Miss Dolores Grimm, 22, of 119 West Middle street, who was traveling west, and had driven off the highway onto the berm when she saw the other car approaching.

No one was injured. Damage to the Grimm car was estimated at \$75 and to the Dosh car at \$25. Dosh was charged with failing to yield one-half the highway, and paid a fine of \$10 and costs to Justice of the Peace Claude Straley, New Oxford.

PRAYER WEEK SERVICES END

Prayer was described as a "fore-taste of heaven" by the Rev. Clyde R. Brown, Gettysburg Presbyterian pastor, Sunday evening in the final union Week of Prayer service in St. James Lutheran church.

"Let us not neglect prayer, for by it the heavens are opened," the Rev. Mr. Brown said. "When we pray aright, the heavens are opened and God himself floods through us and sends us forth to do His will on earth as it is in heaven. By prayer we are assured we are not alone. God made us after His own image."

\$15 BILLION DEFICIT LOOMS FOR NEXT YEAR

Washington, Jan. 14 (AP)—President Truman's financial chart for the government next year adds up to about a 15 billion dollar deficit, officials said today.

That would be two to three times bigger than any Red ink operation since World War II. It probably would swell the national debt close to or above the present legal limit of 275 billions.

Authorities familiar with the figures but preferring not to be quoted directly told a reporter this is the picture President Truman will present to the election-year Congress in his annual budget message one week from today, barring last minute changes:

1. Government spending in the fiscal year beginning July 1 will reach about \$55 billion dollars, up from an estimated 70 billions for the current year and only 45 billions last year.

No Tax Boosts
2. Present tax laws will bring in about 70 billions next fiscal year, leaving an estimated deficit of approximately 15 billions if conditions remain unchanged.

3. Although the administration for several years has insisted on taxes high enough to balance the budget, Mr. Truman in this election year won't demand excise or income tax boosts to close the gap between outgo and income.

4. Instead, the administration will press for tighter tax enforcement and closing of alleged "loopholes." If the national economy continues to expand rapidly, and Congress approves the proposed tax reforms, the projected deficit may be reduced to near 10 billions.

5. Large portions of the \$5 billion dollar spending program were authorized by Congress in past years. Requests for new appropriations will total only about \$3 billion, 10 billion less than Mr. Truman sought for the current year.

MENALLEN TO LEVY SCHOOL TAX OF \$4,556

The Menallen township school board will levy a tax of \$4,556 annually to cover the \$43,000 bond issue authorized by the voters of that district last November, according to papers filed today with the county clerk of courts.

The action, one of a series of resolutions adopted by the board in connection with the sale of 43 \$1,000 bonds, was adopted last week. The township plans to pay off its debt at a rate of \$4,000 per year over a ten-year period extending from June 1, 1943. Two \$1,000 will come due on June 1 and December 1 until June 1, 1963, when three of the \$1,000 bonds will be due and the entire amount will have been paid off. The bonds will pay 2½ percent interest.

Over a period of years, the school district accumulated a \$43,000 debt, which was "ratified" by the voters at the election in November. According to the papers filed with the clerk, any amounts remaining each year from the \$4,556 collected by taxes, after payment of the bonds for that year and the interest, will go into a sinking fund toward the retirement of the additional bonds as they come due.

CAMP RITCHIE PROJECT ENDS

Washington, Jan. 14 (AP)—The Washington Post said today a 10-million dollar de luxe housing project at Camp Ritchie, Md., has been canceled.

The Post said it learned the project was stopped because "it largely would have been a week-end vacation resort for army 'brass'."

The Pentagon had no comment. Spokesmen referred reporters to a November 6 announcement that "in compliance with the expressed desires of the Congress, it (the Defense Department) has reviewed construction requirements at Camp Ritchie, Md., and has determined that certain facilities previously scheduled for construction will not be constructed at this time."

The Post said it learned reliably that the November announcement referred only to the housing project.

Underground Pentagon
Certain extensive work in the Camp Ritchie area—on the Maryland-Pennsylvania border near Blue Ridge Summit, Pa.—has been of a secret nature. It has been referred to by the Pentagon as a communications center.

In the area and elsewhere it has been called officially an underground second Pentagon, to be used in event that facilities in and around Washington are knocked out by bombing.

The Post said the housing project would have included officers' quarters, clubs and recreational facilities. It said there are a lake, trout streams, fishing camps, and similar recreational facilities in the area and that because of the closeness to Washington the proposed quarters and clubs "would not have been empty and idle many months of the year" despite their "near standby condition."

According to the Post, about 17 million dollars has been spent thus far.

There was an anthem, "Rejoice in the Lord," by the Senior choir with Marlin Kessel singing the solo and a quartet sang "Sun of My Soul." The quartet included Marlin Kessel, John DeHaas, Alfred LeVan and John Raffensperger.

Bullets Halt Wagner Streak With Thrilling 83-73 Victory

Spurring midway in the final period after a see-saw battle throughout the first three frames, the Gettysburg college cagers defeated Wagner 83-73 here Saturday evening in a clean, well-played and thrilling contest.

The defeat snapped a nine-game winning streak for the Staten Island Seahawks and hiked the Bullets' record to 6-1.

Until the Bullets staged their upset in the final frame the score was deadlocked nine times and the lead changed hands 10 times.

A brilliant performance from the foul line gave the Bullets their margin. No less than 23 tries were converted in 28 attempts. Wagner outshot the Bullets from the field 13 to 30.

Warren Watson played one of his finest games for Gettysburg and added 25 points. Captain Gromisch and Sonny Bosley stood head and shoulders above other Wagner players and between them netted 33 points. Gromisch specialized in a whirling hook shot while Bosley dropped in his dozen goals from all angles. Frolander did a nice bit of guarding on Pizolato and held the local lad to seven points.

Locals Start Fast

Coach Bream's outfit zoomed out into a 7-0 lead in the opening moments on goals by Resanovich, Pizolato and Ketterman and a foul by Watson but late in the period the Seahawks started to hit and cut the margin to 20-18 at the quarter.

Goals by Bosley and Frolander put Wagner ahead for the first time early in the second period and it was a see-saw affair the rest of the round as the visitors took a 40-37 lead at the half on late goals by Gromisch and Sweeney.

The third frame was a repetition of the second and no more than four points ever separated the teams as the lead changed hands time and again. Going into the last period Gettysburg led 62-58.

Tight Finish

After Coder and Gromisch exchanged goals, the Bullets surged into a 70-60 lead on two free tosses by Coder, a single by Pizolato and a goal and foul by Resanovich. Wagner came right back on a pair of goals by Bosley and one by Gromisch as the Bullets' lead melted to 72-70.

The Bullets recovered nicely and when Bosley and Harreus were ejected via personal fouls Wagner dropped from the running in the remaining minutes.

While Watson led the Bullets in scoring, Resanovich, Ketterman, Hare, Pizolato and Coder, the only other local participants, came through in fine fashion.

The season's top crowd is anticipated Wednesday night when the powerful Penn State aggregation plays here.

MOST COLLEGE FIVES PERFORM AS PREDICTED

By ED CORRIGAN

New York, Jan. 14 (AP)—Except for the Pacific Coast conference and the Ivy league, the college basketball circuits have been going—surprisingly enough—very much according to form.

Of course, the season still is young, and with only five major teams remaining on the unbeaten list, anything might happen. But so far the powers have been powerful and the paties have been rolling over in most sections.

On the Pacific coast, Stanford, pre-season favorite, is riding along in second place in the Southern division with two beatings. In the Northern division, Washington, which was figured as the logical champion, also is in second place with one defeat.

However, this one should straighten itself out in the coming weeks, because the overall marks of both schools point up the fact that they're far away from their brothers quality-wise. Meanwhile, however, Oregon heads the northern section and UCLA the southern.

Columbia In Trouble

In the Ivy league, it appears that defending champion Columbia is going to find the going tough. The Lions had lost three games before they started loop operations and were promptly plastered with a 68-65 defeat by Cornell Saturday night—their first in the league since 1950.

Penn was known to be the big threat to the Lions at the start of the campaign and the Quakers have been coming through in fine style. They're tied with Princeton for the lead, each with two triumphs and no losses. But their overall record places them far above the Tigers who have won only five of 11 games.

But the others—the Big Ten, Big Seven, Southwest, Southern, Southeastern, Missouri Valley and Skyline—all are following the form chart.

The Big Ten boasts two of the major unbeaten, Illinois and Iowa—the others are Kansas, Duquesne and St. Bonaventure—and they, of course, share the league lead with marks of 3-0. Their season's records also are identical, 10-0. They must play each other twice next month, so those games probably will decide the eventual winner.

The question buzzing in the Big Seven is: "Aren't those Kansans ever going to lose?"

Kansas Sails Along

At the moment the answer seems to be "no." Dr. Phog Allen's operatives have won 12 in a row—two in the league—and have a date with Nebraska tonight.

Even the Southwest conference, where they put the whammy on the team that's tabbed the favorite, things are very serene, indeed. Texas Christian was rated the team to beat and, sure enough, there's TCU right at the top with 4-0 and 14-1 for the season.

In the Southern and Southeastern, the two perennial rulers, North Carolina State and Kentucky, respectively, stand at the head of the class. The Wildcats, however, are second to Vanderbilt, which has a 3-0 mark to Kentucky's 2-0, haven't met yet.

State's 7-0 tops the Southern, but West Virginia and North Carolina, each with 5-1, haven't yet thrown in the towel.

The Missouri Valley shapes up as a two-team race between St. Louis and Oklahoma A and M, as usual. The Billikins have won their three loop starts and the Aggies have won their only league game. St. Louis is 10-3 for the season and Oklahoma A and M, the defending champion, 10-2.

Honus Wagner In Good Health Again

Pittsburgh, Jan. 14 (AP)—Honus Wagner, the "Flying Dutchman" who worked as a boy of 12 in Pennsylvania coal mines, then went on to one of the greatest baseball careers in history, says he's entering 1952 in good health.

That's good news for Pittsburgh Pirate fans who missed the "great" shortstop of them all "quite frequently" the past three seasons.

Illness forced Wagner to stay away from numerous games but now he says he'll be back on the Pirate bench regularly. He's carried as a coach by the club with which he won major league fame.

The older fans still remember the bow-legged Wagner as the man who played shortstop almost flawlessly. Youngsters hold him in awe—and that's great for Honus who loves the kiddies as much as baseball. Wagner now lives quietly with his wife in a Pittsburgh suburb, "just passing the time" until the season opens.

DELONE LOSES TO YORK FIVE

A strong York Catholic high basketball team upended Delone Catholic 55-27 in a game played Sunday on the winners' floor to break a deadlock for first place in the Central Penn Catholic league, both teams previously having 2-0 records.

The Squires fell apart sadly in the last half during which they scored but 11 points while York hit the cords of 33 tallies to win easily. Godfrey looped 17 points for York while Benner was high man for Delone with eight.

The Delone jayvees dropped the preliminary game 41-25.

Delone will play at Lebanon on Wednesday.

LOUIS BATTLES GOLFING RULE BARRING NEGRO

San Diego, Calif., Jan. 14 (AP)—An angry Joe Louis is at war with the Professional Golfers association today over its rule prohibiting him and other negroes from tournament play.

The long-standing PGA rule against non-white players fell on Louis when he arrived yesterday for this week's San Diego Open.

Local tournament officials said the PGA rule, which they declared they had learned about only two days ago, would bar the former heavyweight boxing champion and two other negroes—Bill Spiller and Bural Clark, Los Angeles professionals.

Denounces Rule

The usually mild-speaking Louis denounced the rule as un-American and declared PGA President Horton Smith was "another Hitler" in enforcing it.

"Horton Smith believes in the white race like Hitler believed in the super-race," he said. Smith was not immediately available for comment.

The old ring warrior, now 37, said it was the first time he personally had experienced racial discrimination in sports. He said he understood the San Diego committee expected to clear about \$2,000 from the tournament for the benefit of crippled children.

"I'll give them double that amount if they'll cancel the tournament," Louis said. The tournament is scheduled to open Thursday.

Had Invitation

He disclosed he long had been aware of the PGA rule—"It's been causing negro players trouble for three years"—and came here intending to "bring it into the open."

The tournament committee invited Louis, before it learned of the ban, to play as an amateur. He declared he would remain with Spiller and Clark until someone connected with the PGA told them they were not wanted.

Louis said golf was the last sport with a color-line. He suggested that the PGA waive its rule, at least to the extent of allowing some outstanding negro player to prove himself.

In this connection, he cited the case of Jackie Robinson opening the gates of professional baseball to negroes.

Jimmy Demaret Wins Crosby Tournament

Pebble Beach, Calif., Jan. 14 — Bing Crosby's National Amateur Golf tournament, a \$10,000 event with a million dollar cast, goes down in sports history as the battle of the big wind, torrential rains and a fruitless struggle with par.

Colorful Jimmy Demaret, the transplanted Texan now operating out of Ojai, Calif., won the abbreviated event yesterday with a 36-hole total of 145. It was a one-over-par figure.

The victory was worth \$2,000. Demaret pocketed an additional \$500 by finishing third in the pro-amateur competition with comedian Bob Hope. They scored a best-ball of 70-64-134.

The teams tied for low in the pro-amateur best ball with 133. They were Bob Toski, Northampton, Mass., and Dr. Bob Knutson, San Francisco, with 70-63 and Art Bell and William Heelle, both San Francisco, with 68-65.

Pottsville, Pa., Jan. 14 (AP) — A BRIEFS (Regular) confessed arsonist who admitted setting a \$60,000 blaze at the Phillips-Jones shirt factory Dec. 21 was committed to the Fairview State hospital for the criminally insane on Friday. He is William I. McKone, 23, of Pottsville. Judge Cyrus M. Palmer ordered his commitment after physicians' reports were returned to him.

Merson Seems Sure

Merson, in particular, appears certain to win a regular job with the Pirates. Called up from Indianapolis last September and inserted in the lineup a few hours after he reached Forbes Field, the 24-year-old infielder immediately

impressed observers with his hitting and fielding. In 13 games, he batted .360 and committed but one error in 77 chances.

Smith also impressed in his late season trial with the Bucs and according to Rickey, "will be a regular in 1952." A senior at Lock Haven Teachers' college, the 23-year-old Port Matilda, Pa., lad batted .330 at Charleston in the Class A Sally league last year.

Coogan Impressed

Coogan is the 19-year-old youngster who made such a fine impression last season but was farmed out for further seasoning. He returned to college last spring and played several months with New Orleans.

Pittsburgh's most poignant weakness last year undoubtedly was pitching. In an effort to remedy this, Rickey has brought up a dozen young hurlers. The best of the group appear to be Don Carlsen and Len Yochim, both of whom received their baptism last September. Carlsen, 24, won his first two starts for the Bucs. He whipped the Cubs, 4-2 and followed with a 3-2 win in 11 innings over the Phils.

Yochim, 23-year-old lefthander, made one start against the Braves last season and turned in a creditable performance.

PIRATES MAY DISPLAY NEW ROOKIE INFELD

By JOE REICHLER

New York, Jan. 14 (AP) — Don't be surprised if the Pittsburgh Pirates open the 1952 season with a brand new rookie infield. It would be just like that old smoothie, Branch Rickey, to pull off such a stunt.

Remember 1951 when Rickey moved Ralph Kiner out of the outfield and installed him at first base? And he followed that up by threatening to convert one Dale Long, a first baseman, into a lefthanded catcher?

So if the opening day Pirate lineup next April should read something like this . . . Dale Coogan, first base; Johnny Merson, second base; Dick Smith, third base, and Clem Koshorek, shortstop . . . you can mark it down as another bright idea by the number of all baseball brains.

Today's Talk

By GEORGE MATTHEW ADAMS

COURAGE

Read that realistic and inspiring story by Stephen Crane called "The Red Badge of Courage." It is the story of a soldier boy in the Civil War who earned that red badge.

That one quality of courage is what has given to all effort its powerful push to triumphant ends. Without it nothing worth while could be accomplished.

Never has the call for courage been so urgent as right now. Courage to meet every event and every emergency without fear. Courage to begeth courage. It's something that keeps increasing like the muscles of the athlete who keeps exercising and building up those muscles. It nestles in every heart in full readiness for the occasion that calls it forth. But you have got to give this courage a stir!

Faith and belief are behind all courage. Said William James: "Be not afraid of life. Believe that life is worth living, and your belief will help create the fact." Every courageous act leaves a glow of light behind. Your courage gives courage to others. Thus it is that when we demonstrate courage we are not alone. Not only may we have a multitude to join us, but God Himself drops down from His Heaven to bless all gatherings where courage reigns.

You can't get very far without courage. It's as essential as the air you breathe if you have in mind a big job to do. You can't put courage, but if you have a lot of money and want to put it to work you can't do without courage.

I recently read about this man Hilton, who has been buying up hotels all over the map. He recently bought the greatest of them all—the Waldorf-Astoria in New York City. He had a big hand in even before that, but he kept that hotel in mind as his greatest triumph. They say he had a picture of it under the glass of his desk. Great as this hotel's reputation has been and is, however, I understand nobody could make a reasonable profit from it. But Hilton will! Because he has common sense and—courage!

These fellows, whose great fortunes have come out of the ground, learn a great deal. From the ground up they have to be fortified with courage. That's what makes them stalwarts! We in humbler lines should gain courage for ourselves from such examples.

Tomorrow Mr. Adams will talk on the subject: "Benjamin Franklin—American."

NAME FOR SALE
"Good name for sale!" One meant to keep:
Bought for a fortune 'twould be cheap.

It has been honored down the years.
To date no stain on it appears.

Make him an offer! Cash he'll take
The oath that he has sworn, to break.

"Good name for sale!" 'Tis said to think
That any man so low would sink.

The first one hit ran about a hundred yards and then fell dead; the other received the bullet in the brain and dropped without a sign. Next day Mr. Motteroff shot another deer in the morning.

RANK TOMATO AS VEGETABLE OF PREFERENCE

Almost any preference poll on vegetables taken among the home gardeners of America would rank the tomato as No. 1, says J. W. Johnston in the New York Herald-Tribune. Gardens possessing a minimum of vegetables will boast of at least a half-dozen tomato plants of some favorite variety. Tomatoes, in common with most vegetables, have been greatly improved in the last ten to twenty years at the hands of the hybridizers. Here comes the rub from the home garden standpoint: the rapidity of this improvement has not caught up with the producers of tomato plants in quantity for small garden markets, which means the home garden maker must do something about it himself if he wants the newer developments in either improved strains of existent varieties or in downright new varieties.

It takes about six weeks under ideal conditions to produce tomato plants from seed ready to set into the garden. Add two to three weeks to this timetable for plants raised under the less favorable conditions of window growing in the private home, and good sense dictates the planting of the seed shortly after the middle of February. Later producing plants may be grown in the open garden after spring sets in.

Three Ounces Seed An Acre

A seed flat, a cigar box or even a large flat type flower pot may serve as the original nursery for planting the seed. A fine loamy soil, not too rich, and containing a generous supply of builder's sand is the ideal medium in which to sow the seed. The bottom of the container, whatever it be, should hold an inch or two of coarse cinders, broken crockery or flower pots for drainage. A small packet of seed of any variety will furnish enough for the average home garden and some to give a favorite neighbor. An ounce contains roughly 7,500 seeds, and only three ounces are needed to plant an acre, which will give you some idea of seed quantity.

Plant the seed sparingly in tiny furrows made with a lead pencil. The seed should be covered from one quarter to one half an inch deep. Once the seeds are in place and the soil firmed over them, cover the container with burlap or some other coarse cloth and water well but gently until the soil surface is dampened to a depth greater than the seed.

Grow On The Cool Side

Though tomatoes are a tender crop in every sense of the word and will not withstand frost or freezing, the young plants should be grown on the cool side. Until the seeds germinate, 70 degrees is warm enough and once they push through the soil, 60 to 65 will result in finer plants.

Keep the young plants well watered to the point that the soil is moist, but not too wet. Though seedlings should never be allowed to dry out, it is just as important that the soil never be sloppy wet.

Attempting To Block Player "Jumping"

Hazleton, Pa., Jan. 14 (P)—The professional American and Eastern basketball leagues have banded together to prevent player "jumping" between the loops.

The president of the Eastern league, William D. Morgan of Hazleton announced Saturday that the two circuits have agreed to honor each other's player contracts, rules and regulations.

Morgan and John J. O'Brien, president of the American league, said the pact was the result of reported attempts by players to gain more money by approaching teams in the other league.

Pennsylvania members of the American league are Scranton, Wilkes-Barre and Carbondale. Pennsylvania cities in the Eastern are Reading, Lancaster, York, Pottsville, Sunbury and Williamsport.

Sport Shorts

Philadelphia, Jan. 14 (P)—Although the Philadelphia Athletics are not going to buy the Ottawa franchise in the International Baseball league at this time the club maintains it will be interested in purchasing a triple A farm in 1953.

The A's management had been considering buying the Ottawa franchise and transferring it to Jersey City, N. J. Vice President Roy Mack said the A's are satisfied with the New Jersey site and would like to operate there.

Chicago, Jan. 14 (P)—Bill Daddio, head coach of Allegheny college, Meadville, Pa., has signed a one year contract as an assistant coach of the Chicago Cardinals of the National Professional Football league.

Daddio, a former University of Pittsburgh end, played with the Cards in 1941 and 1942. He will serve under his former Cardinal teammate, Joe Kuharich, recently appointed head coach of the Chicago team.

Hamilton, N. Y., Jan. 14 (P)—Paul Bixler is busy today hunting for a new job following his resignation as head football coach at Colgate.

Bixler, former top man at Ohio State, quit the Colgate post yesterday because a new contract offer contained stipulations he said were "impractical and unworkable."

PROTECT NEW EVERGREEN PLANTS

Newly set evergreen plants should be protected from strong winds and bright winter sun. Something like a new fence is adequate in most cases. Burlap on frames also can be used. If it is allowed free circulation of air about the plants.

NARCISSUS BLOOMING SHORT

Gardeners must realize that paperwhite narcissus have a relatively short blooming season. Under average conditions each crop of flowers lasts barely a week, but considering the low cost of the bulbs that will be a week of special joy. For a nearly continuous display a new set of bulbs should be started about every ten to fourteen days.

COLLEGES MOVE TOWARD SPORTS CLEANUP CALMLY

Cincinnati, Jan. 14 (P)—The nation's colleges moved into the cleanup phase of their controversial athletic programs today, wielding a whisk-broom instead of a pick-axe.

Out of the maelstrom of resolutions, counter-resolutions and academic double-talk marking the 46th National Collegiate Athletic association convention last week, these facts emerged crystal-clear:

1. The NCAA plans to attack the evils in its sports setup in a calculated, unhysterical manner, ignoring the prod of a special presidents committee to go in and chop away. A year's study was prescribed for such issues as bowl games and subsidization practices.

2. All factions—the NCAA, presidents and football coaches—found one solid starting point for the cleanup program. That is, a national standard of entrance requirements and strict university control of all athletic policies.

Followed The Script

3. The NCAA emerged from the crises stronger than ever before, strengthened by the support of the dissident southern bloc which a year ago perpetrated the death of the sanity code. The south and southwest backed the NCAA solidly in its refusal to be spurred into home in nearby Schuykill Haven.

drastic action by the presidents' committee.

The annual convention, which closed Saturday, followed the script all the way. There was no drastic action, little fireworks and a general attitude of "well, let's study the thing out first."

The presidents were rebuffed on two main issues in the ten-point de-emphasis program they have recommended to the American Council on Education. They were bowl games and spring practice.

'33 Bowl Games On
The convention voted to make an exhaustive study of bowls and other post-season tournaments and determine just how much they might undermine athletics. A special committee will make the survey and report to the convention next year.

Meanwhile, the 1953 bowl games are on, as of the moment. In the NCAA resolution which was adopted, colleges were told they should not make bowl commitments after January 2, 1953. That leaves January 1 open.

On out-of-season practice, the delegates beat down a proposal to ban it and instead adopted an amendment limiting spring football drills to 20 sessions over a 30-day period and basketball to 20 sessions in 24 days.

Pottsville, Pa., Jan. 14 (P)—Funeral services for James J. Troy, 60, a star with the "Big Five" basketball team in the 1920s, will be held Wednesday. Troy, an outstanding Schuylkill county athlete of a generation ago, died Saturday at his home in nearby Schuylkill Haven.

It was the first steal of home in a World Series in 30 years. However, the Yanks took the series, four games to two.

COLLEGIATE KINGPINS— Kentucky's Bill Spivey (77) and Frank Ramsey outjump Kansas State's John Gibson in NCAA final, won by Kentucky in Minneapolis, March 28.

U. S. BLUNTLY
REJECTS NEW
RED CHARGES

Washington, Jan. 14 (AP) — The United States has bluntly rejected a second Russian protest that dollars earmarked for stemming communism in Europe actually are being spent for subversive anti-Soviet activity.

The new complaint, similar to one brushed aside by this country December 20, was handed the U. S. embassy in Moscow three days ago. The note, printed in full by the Soviet press, calls for repeal of the mutual security act.

This law, passed in the last session of Congress, replaced the Marshall Plan on January 1. It provides funds for Europe's growing rearmament and for aiding victims of communism.

In Washington, Lincoln White of the State Department, said: "We rejected the new Russian allegations completely and stood by our previous answer."

Cite Reds' Actions

When Russia first protested, the United States denied it was behind any subversive activity aimed at the Soviets. Besides, it said, such "false charges x x x come with singular ill-grace" from a regime which for years "supported subversive activities" against the American government.

The original protest contended a 100 million dollar appropriation, included in the mutual security act to help victims of Communist rule, constituted subversion against the U.S.S.R.

The new note labeled the act "aggressive" and in violation of the Roosevelt-Litvinoff agreement of 1933 establishing diplomatic relations between the two countries. It was in answer to the U. S. reply of December 20 and said: "Taking into consideration that the law of October 10, 1951, represents an unheard of violation of the norms of international law and a cruel violation of the Soviet-American agreement of November 16, 1933, and is an aggressive act towards the U.S.S.R., the Soviet government considers it necessary again to declare that the responsibility for such actions fully lies on the government of the United States and insists on repeal of the above named law."

PLAN TICKER WELCOME

New York, Jan. 14 (AP) — New York's ticker tape welcome, reserved for homecoming heroes, awaits the return of Capt. Kurt Carlsen.

Mayor Vincent R. Impellitteri said yesterday the captain of the ill-fated Enterprise, a resident of Woodbridge, N. J., would receive all of the city's welcome salutes, including whistle blowing by ships and tugboats and fireboats playing streams of water in the air as he comes up the bay.

**Cause Unknown In
Fire At Laurel, Del.**

Laurel, Del., Jan. 14 (AP) — City police and firemen have been unable to determine the origin of a \$250,000 fire—the city's worst in 53 years—which burned down five buildings in the Laurel business section yesterday.

The blaze, discovered by two policemen, began in the back of a hardware store and for a time threatened the entire business area. Firemen from Seaford, Blades and Delmar, Del., and Sharptown and Salisbury, Md., fought with Laurel firemen about three hours before bringing the flames under control.

The only person injured was a fireman who suffered a fracture of the foot when a brick fell on him. The damage estimate was made by Laurel Police Chief Harley Tice.

**NBC Network Names
Director Of Sports**

New York, Jan. 14 (AP) — A new director of sports has been named by

the NBC network, to be in charge both for radio and television. He is Tom S. Gallery, who had held a similar position at Dumont.

Gallery steps into the post occupied since 1941 by Bill Stern. Stern now is sports editor of the network. His contract renewal signed last September covering a period of three years. As sports editor he is relieved of a multiplicity of administrative duties and has more time to devote to broadcasting.

Gallery has been associated with sports for 30 years. Before joining Dumont he was business manager for the New York Yankees baseball team from 1945 to 1948. He began in sports after service in the First World War by helping organize the Hollywood Legion stadium, for which he became general manager and matchmaker. He is a native of Chicago, but now resides in the New York suburb of Scarsdale.

**Coed Found Dead At
Bucknell University**

Lewisburg, Pa., Jan. 14 (AP) — The body of a 22-year old coed was found in a bathtub in a dormitory at Bucknell university here on Friday.

University authorities identified the girl, a senior, as Shirley Jane McCreary, daughter of Ralph W. McCreary and Mrs. Frances P. McCreary, of Indiana, Pa.

Union County Coroner Harry T. Beck listed the cause of death as "accidental drowning due to unconsciousness produced by encephalitis." The university disclosed that Miss McCreary had suffered a serious illness in 1947 and withdrew from college for a year. Since then, a

James Edward Wakely, 20, of nearby Covington, and Melvin D. Good, 21, of Covington R. 1. State police said the sedan failed to make a curve and crashed into a truck. Two other passengers were treated at a hospital and released. Robert Dusenberry, 45, of Campbell, N. Y., was not injured.

spokesman said, she had been subject to fainting attacks but had managed to continue her work with good academic grades. The girl had attended class yesterday afternoon.

MORE JOBLESS NOW

Harrisburg, Jan. 14 (AP) — Jobless benefit claims filed in Pennsylvania have reached a total of 143,000—the state's highest level since June, 1950. The state Bureau of Employment and Unemployment Compensation reported new joblessness in the trade, apparel, construction, textile, tobacco and toy industries. The bureau added that a total of \$1,497,000 was disbursed by 64,700 checks to eligible unemployed workers during the week ending January 4.

Amsterdam, The Netherlands, Jan. 14 (AP) — The usually well informed Dutch newspaper Nieuwe Rotterdamse Courant said today Prime Minister Stalin of Russia underwent an operation for heart trouble December 19, two days before his 72nd birthday. His health has been declining since, the paper said.

**Two More Appeal
Boards Are Named**

Harrisburg, Jan. 14 (AP) — Two more draft appeal boards have been set up in Pennsylvania by state Selective Service headquarters.

The action was taken in compliance with a federal law requiring one appeal board for each federal judicial district, said Henry M. Gross, state draft director.

Gross said that members of the previous appeal board serving the entire state have been appointed to the middle district board located at Harrisburg. The other two boards are at Philadelphia and Pittsburgh. Dr. Henry W. A. Hanson, Gettysburg, is a member of the original board.

Pittsburgh, Jan. 14 (AP) — Dr. Jonas E. Salk, professor of bacteriology at the University of Pittsburgh, says an effective and safe polio vaccine may be ready for tests on human beings by next year.

Efforts to develop the vaccine were given a boost yesterday with a

March of Dimes grant of \$211,420. It will finance the second year of the three-year research program under Dr. Salk's direction.

Pottsville, Pa., Jan. 14 (AP) — The Pennsylvania Game commission and scientists at Pennsylvania State college are going to conduct a series of tests to determine if any wild life has been killed by spray used to destroy weeds along power line rights of way.

The announcement was made Friday night at a meeting of sportsmen here. Captured wild rabbits will be used in the tests.

MISSION OPENS AT LITTLESTOWN

"Making the Friendship That Matters Most" was the subject of the sermon delivered by Rev. Wallace E. Fisher, pastor of Christ Lutheran church, Gettysburg, in the first of the 1952 series of preaching mission services at St. Paul's Lutheran church, Sunday evening. The Rev. Mr. Fisher spoke on gaining the friendship of Christ and stressed four points in so doing: sincerity, pioneering spirit, truthfulness in prayer and love.

The service was in charge of the host pastor, Rev. David S. Kammerer. The order of worship was as follows: Congregational hymn with Mrs. Karl P. Bankert, church organist, presiding at the console; invocation, Rev. Mr. Kammerer; responsive reading, Psalm 1, led by the host pastor; scripture, Luke, chapter 15, Rev. Kammerer; offertory anthem by the host choir, "Lord Hear Our Prayer"; prayer by the pastor; congregational hymn; sermon, Rev. Fisher, and benediction, Rev. Kammerer.

The services are sponsored by the Littlestown Ministerium, and the Rev. G. Howard Koons, pastor of Christ Reformed church, and president of the ministerium, will be in charge of the devotions this evening at 7:30 o'clock at St. Paul's. Special music will be furnished by Christ church in charge of Paul E. Berwager. Rev. Fisher will speak on the subject "Living Constructively In An Age of Tension." On Tuesday evening, Rev. Frank E. Reynolds, pastor of Redeemer's Reformed church, assisted by the Rev. Charles B. Rebert, a retired Reformed minister, will be in charge. Stewart N. Long of Redeemer's choir will sing "Bless This House." The guest speaker will preach on the topic "The Power of the Gospel."

Scouts On Winter Hike
Members of Littlestown Boy Scout Troop No. 84 went on a winter hike on Saturday over a portion of the Appalachian trail. The scouts left town at 8 o'clock on Saturday morning and traveled by bus to Mont Alto. They hiked for approximately

eight miles, had lunch at a lean-to on the trail, and returned home early that evening. Those who participated in the hike were Larry White, Larry Snyder, James Blevins, Ned Little, James Hahn, Barron Cornell, Alvin Smith, George Collins, John Flynn, Lee Krouth, Richard Horner, William Renner, Charles Reed, Robert Crouse, Gary Keefer, Dean Sell, Arthur Barnes, John Groft, Gene Miller, Scoutmaster Edgar A. Wolfe and Troop Committeeman L. D. Snyder.

The regular meeting of Troop No. 84 will not be held on Wednesday evening due to the preaching mission service.

One truck of Alpha Fire company No. 1 responded to a call received about 11 o'clock on Saturday morning, when the motor of a station wagon, owned by Charles D. Helwig, Jr., Gettysburg R. 1, caught fire. Helwig had stopped for a red light on the square. The motor backfired through the carburetor. Damage to the vehicle was estimated at \$100, according to a report made by Fire Chief Glenn E. Ohler.
